PROFILE

I'm a React.js web developer with +3 years of experience. I specialize in React.js development and have a passion for creating user-friendly web applications. Collaborating with teams, I have learned the importance of effective communication and translating complex requirements into efficient code. I am dedicated to continuously improving my skills and staying up-to-date with industry trends.

WORK EXPERIENCE

2020 - 2021 | Freelancer
REACT.JS DEVELOPER

For one year, I worked as a freelance React.js developer, and it was a rewarding experience. I had the chance to work on different projects for clients from various industries. Freelancing taught me how to effectively communicate with clients, adapt to their requirements, and deliver quality work on time. It helped me improve my React.js skills and grow both professionally and personally. I'm excited to apply my expertise in future opportunities.

2021 - Present | Hushmand Sazan Takin (Husan)
REACT.JS DEVELOPER

Working as a React.js developer with a great team on a health web app has been a rewarding experience. We collaborated with skilled professionals to create an innovative app that improves healthcare. The supportive environment allowed me to contribute my React.js skills and learn from my teammates. It's fulfilling to be part of a project that can make a positive impact on patient care, and I'm excited for our future contributions as a team.
